

School-Age Programs: Unplanned School Closures and Delayed Start

In the event of school closure due to inclement weather, Camp Fire provides full day programming at designated schools, depending on the severity of the weather. We do our best to open programs and care for your children, but we also have to consider the safety of our staff. Depending on road conditions and other factors, Camp Fire staff may arrive late or programs may not open at all. Camp Fire's CEO makes the decision whether or not programs will operate.

During these times, we ask for your patience and understanding while we assess what's best for all. When we are able to provide programs, here's what you need to know:

1. Programs will attempt to open at 7:30am and stay open until 6pm (6:30pm in Eagle River). However, there are many factors to consider during these unplanned closures and **programs may open late or close early for safety reasons.**
2. There is a \$40 a day charge per child because we provide care all day rather than just before and after school. We will add this fee to your next billing cycle.
3. You must already be enrolled in camp Fire to attend on any school closure days.
4. We ask that you accompany your children into the building to assure that there are at least two Camp Fire staff on site. This is a safety measure to assure no children are unattended at any time.
5. Please send a nutritious lunch, warm outdoor clothing, and any medications your child needs during the day.
