For over 100 years, Camp Fire Alaska has provided a safe, nurturing place for families to send their children. At Camp Fire, children develop self-confidence by challenging themselves, exploring their environment, and building healthy relationships. Today, we are a leader in the youth development field and serve more than 5,000 youth every year.

**Our Mission**

Every child will have the opportunity to discover the best in themselves and others in a fun, safe, learning environment.

**Our Promise**

Young people want to shape the world. Camp Fire provides the opportunity to find their spark, lift their voice, and discover who they are. In Camp Fire, it begins now.

**Scholarships**

All kids deserve the chance to explore summer camp. Our Scholarship Program makes it possible. You can complete a quick and easy online application at www.campfireak.org. Click Family Resources in the menu bar, and navigate to scholarships.

Every year, generous patrons of our Campership Fund send dozens of kids to camp. To join them in making a difference with your donation, please visit our website.

Prepare for outdoor adventures at our day camp, based out of Alaska Pacific University's campus. Every day is an opportunity to hike through the forest, practice target sports, or launch a kayak off the waterfront.

Additionally, for campers 14-15 years of age who are interested in becoming camp counselors to work with younger campers and build leadership skills, we have our Counselor in Training program! These are also weekly sessions taking place alongside the sessions outlined below.
